CI-3X

Slimline cash recycling system

The CI-3X slimline cash recycling solution removes the need for staff to handle cash at the point-of-sale. Specifically designed for smaller retail environments, when integrated into your existing POS system, the CI-3X securely automates cash handling at payment positions minimising the risk of errors and shrinkage while enhancing staff productivity and customer service.

Euro

As part of our CASHINFINITY™ solution, the CI-3X slimline cash recycling system is easily integrated into cash desks and self-checkouts.

Slimline footprint

Easy integration to cash desks and self-checkouts.

Easy to start

With Glory's CI-Regi software, it is easy for small-sized retailers to start a POC without having to integrate to a POS system.

Customised design

The appearance of your device can be customised to match your brand and interior design with optional cosmetic stickers.
